## CAMP AGASSIZ

At Glen Alpine in the Lake Tahoe  
Forest Reserve, California

### Is Now Open the Year Round

The camp is in Glen Alpine, a famous glacier gorge in the Sierras, six miles southwest of Tallac; elevation 6,700 feet above sea level. The camp site is on high ground a few hundred yards from the beautiful Modjeska Falls; amid a luxuriant grove of pine and fir trees. Within eight miles of Camp Agassiz are a dozen peaks from eight to ten thousand feet high, on whose sides lie eternal snow fields, and there are 44 lakes, of which 30 contain trout—eight different kinds. Is there, such another region in the world?

**Trout Fishing is now at its best.**

Skeeing will be a feature of the winter season.

## BULLETIN

OF THE  
**Michigan Ornithological  
Club**

*Walter B. Barrows, Editor*  
*P. A. Taverner and Norman A. Wood, Associates*

Beginning with 1905 the BULLETIN enters upon its sixth volume and will be of more interest than ever to the bird student. The many contributions will be enriched by original photographs of birds, their nests and eggs. The BULLETIN is devoted to the ornithology of the Great Lake Region and the present volume will contain many notes on the birds of the St. Clair Flats and other points of interest in this territory. If you are interested in birds you should read the BULLETIN.
